Battle River Power Coop's New Residential Rate: Now Accepting Applications

Battle River Power Coop is accepting applications for our new Residential Rate. This offering provides significant savings opportunities for qualifying members on monthly Distribution Tariff (DT) rates.

The Residential Rate is available to members with sites consuming under 9,000 kWh per year, with a single household using electricity predominantly for domestic purposes and serviced by a single meter at a standard capacity. This rate applies whether the site is owned by an individual or a corporate entity.

Enrollment is on a first-come, first-served basis and will be capped at 50 members per month, so early application is encouraged. Thank you for your continued support as we work to enhance our services and offer competitive rates to our members.

If you have questions or would like to take advantage of the Battle River Power Coop Residential Rate, call the Utility Billing department at 1.877.428.3972 and ask about the Residential Rate today.
